Dear Parents/Carers,

RE: Change of Leadership at BOA Digital Technologies Academy

I am writing to you to update you about the leadership team at BOA Digital Technologies Academy.

Following a robust recruitment process, Mr Averis has accepted the role of Headteacher at Kingsmead School in Cannock and will be leaving his current position of Principal at BOA Digital in August 2025.

Whilst we are delighted for Mr Averis as he looks forward to this next chapter in his career, we will be very sorry to see him leave us. As you will know, Mr Averis was the founding Principal at BOA Digital and opened the school to our first cohort of Year 7 students in September 2022. Under his leadership, BOA Digital has continued to grow, moved into our brand new and purpose built building, and established itself in Birmingham as an exciting school for students interested in a career in digital technologies.

We will very shortly be advertising the position of Principal and commencing the recruitment process for Mr Averis' successor, and I will update parents and carers in due course.

I am sure you will join me in thanking Mr Averis for his leadership of BOA Digital and wish him well as he takes the next step in his career. We will formally recognise Mr Averis' time at BOA Digital in the Summer term.

Furthermore, you may be aware that BOA Digital is currently recruiting for a Vice Principal. As the school continues to grow and we prepare for our first GCSE cohort in September 2025 and the opening of our Sixth Form provision in 2027, this post will expand our Senior Leadership Team, working with Ms Hart and Mr O'Brien as Assistant Principals, and create additional capacity as we pursue the best outcomes for all students. This post has been planned for some time and forms part of the academy development plan as we continue to expand.

I would also like to thank parents for your understanding and cooperation at this time and I look forward to working with you over the coming months.

Yours sincerely,

Mrs K Tague
Chief Executive
